

NORTHEAST DIRECTOR
Naomi Yates

Hey everyone! It has been a busy cat season in my neck of the woods. Houndsmen and trappers are out in full force this year. There seems to be more than any other year that I can remember. If I could get everyone I have ran into this year to show up when we need them, we would be a force to be reckoned with. I will be graduating this summer with a bachelors in Environmental Science with a concentration in Wildlife and Fisheries Management. I am trying not to get ahead of myself by looking into next steps! Never stop growing and learning.
