

Our new online platform for the raffle is getting closer- it's a difficult process to coordinate everyone's schedules and availability to be able to work on this. With the help of an app called Constant Contact, we will be able to more effectively reach and communicate with people and I am currently working with a consultant to set up the right account and level of support for us. One hurdle is finding a payment processing platform that will allow the sale of anything firearm related. I have contacted many without success and am waiting on return inquiries from two payment processing companies, if you have any knowledge or suggestions, please let me know.

I'm excited to get this off the ground and see what our capabilities will be. As always, donations or discounted deals are a huge component for almost all parts of our organization and any help is appreciated in acquiring items. Please also be aware that based on the value of the prizes, the raffle ticket prices will likely increase. Our past raffle ticket prizes are well below the value of similar organizations and it's definitely a missed opportunity for revenue.

Thanks,

*Kacy Herrman*
